Your Legal Rights

You have a legal right to join a union and to engage in union activities

The decision to sign an application for a union membership card is Yours.

It is strictly confidential and protected by law.

Job Security

Once unionized, the company will no longer be able to fire workers without just cause. GFL would need proof of very serious misconduct, like theft or insubordination.

GFL should not be allowed to get rid of honest, hardworking employees who get injured or can't keep up with unreasonable demands.

All Teamster members in warehousing enjoy job security, safer working conditions and competitive benefits.
