

300+ IKEA WORKERS

LOCKED OUT

FOR OVER 14 MONTHS

- **The BC Labour Board** rules that IKEA has committed another Unfair Labour Practice for violations of the Labour Relations Code.
- **IKEA** has been ordered by the Labour Relations Board to cease and desist from bad faith bargaining practices.
- **The Labour Board** has ordered IKEA to pay the Union damages as compensation for bad faith bargaining for paying workers who cross the picket line more than what was offered in negotiations
- **IKEA** makes billions of dollars a year in profits but it refuses to negotiate to end this dispute.

Please do not cross our picket line at the Richmond IKEA store.

We respectfully ask that you do not shop at any IKEA store or online until the Richmond IKEA labour dispute is resolved.

BÜLLY

It's moved from selling bookcases to selling out it's valued workers.

IKEA Corporate is forcing workers to take a lot less — and is locking them out until they give in. Tell IKEA to treat its workers fairly. Go IKEA-free — and don't shop at any location or online until it does.
